

Stainless Steel Cast Cart

Product overview

A dedicated mobile cart for cast care supplies, featuring five drawers, a side-mounted bucket holder, and full stainless steel construction built to withstand casting procedures.

Construction and features

Stainless steel construction

Stainless steel cabinet and drawers for a consistent finish throughout the cart.

Five drawer configuration

Two 3-inch, two 6-inch and one 9-inch drawer provide storage in three sizes.

Key lock

Key locking configuration for controlled access to drawer contents.

Bucket holder

Side mounted stainless steel bucket holder for easy access during procedures.

Mobile base

Casters and corner bumpers support movement between work areas.
